

## Model Number: 74520J HDMI 8K fiber cable (AM to DM)

**לצפייה באתר לחץ כאן**

### Specifications:

Item	HDMI 8K fiber cable (AM to DM)					
Model	19851	19852	19853	19854	19855	19856
cable length	10m	15m	20m	30m	40m	50m
Cable wire Specs	OM3 fiber core x 4 cores + 7-core copper cable + Kevlar or nylon bulletproof wire (optional)					
Cable Jacket	Flame-retardant PVC (CI2 or CI3 or CMP flame retardant grade) or TPE outer sheath (optional)					
Outer Diameter	OD 4.2mm or 4.8mm (optional)					
Driver Chip	German silicon line brand					
VCSEL	American II VI or domestic (optional)					
Power Consumption	250mW (maximum)					
Extra Power supply	No additional power supply required					
Resolution	48G					
Functionality	Static HDR and 3D function					
Length	The longest support is 300m, and the length can be customized, such as: 10m20m30m100m, etc.					
Features	1. Detachable converter design, convenient for wiring through conduit 2. One cable for all with mutible usage port 3. Patent structure, exclusive industry designation					

Item	HDMI 8K fiber cable (AM to DM)					
Model	19851	19852	19853	19854	19855	19856
Compatibility Devices	Blue Ray player, Computer,					
Application field	1. Detachable converter design, convenient for wiring through conduit 2. One cable for all with mutible usage port 3. Patent structure, exclusive industry design Blue Ray player, Computer, Laptop, Work Station, UHD TV, PlayStation, X-BOX, Projector, Screen Monitor Security engineering, Home theater, Hotel, Education, Outdoor Advertising LED, Commercial conference cable installation
